

WHY GLOW & GROW

Before there was ever a plan for classes... there were stories.

YOUNG MOMS IN OUR COMMUNITY

Young moms from all walks of life are in our community doing everything they can just to get through the day — loving their babies deeply, yet quietly carrying a weight many people never see.

So many of them were never taught the basic life skills most of us take for granted. Not because they don't care or lack motivation. But because no one ever showed them how.

Some have not been taught how to budget, to plan meals, to grocery shop on a tight income, or to prepare for postpartum recovery. What an incredible opportunity to equip these moms so they are parenting from strength & courage rather than survival.

These young moms, many who find themselves navigating motherhood sooner than expected, deserve support that helps them grow confident in communication and recognizing healthy relationships.

They deserve spaces that feel safe—places where dreaming, planning, and building a stable future is possible. These moms are courageously breaking cycles and shaping lasting stability for their children.

This is where Glow & Grow was born. While we continue to pray, prepare, and wait for the doors of our maternity home to open, we realized something powerful: *We don't have to wait to begin meeting needs.*

RIGHT NOW — IN THIS VERY SEASON — WE CAN STEP INTO THE GAP.

We can come alongside young moms in our community who are struggling not because they lack strength, but because they lack support, guidance, and practical tools.

GLOW & GROW IS ABOUT MORE THAN CLASSES.

It is about restoring confidence, equipping- not rescuing, and offering hope through tangible, life skills. It is about surrounding moms with a community that believes in them.

This is where YOU come in. Many of you carry knowledge, experience, and wisdom that could change the trajectory of a young family's future.

WE ARE LOOKING FOR VOLUNTEERS WILLING TO SHARE THEIR GIFTS THROUGH CLASSES SUCH AS:

- Budgeting & Financial Planning
- Meal Planning & Grocery Shopping on a Budget
- Freezer Meals & Quick Cooking Skills -
- Perinatal & Postpartum Care
- Parenting from a Healthy Perspective
- Healthy Relationships & Communication
- Canning & Preserving Food
- Building Vision & Finding Purpose
- Sourdough Bread Making

These are not just “skills.” They are stepping stones toward stability.

They are tools for independence. They are seeds of generational change.

We believe that when knowledge is shared in a safe, faith-filled community, it becomes something even greater — it becomes empowerment.

Glow & Grow is an opportunity for us to say to these moms: “You are not alone. You are capable. And your story is just beginning.”

CALL for VOLUNTEERS

If you have been wondering how you can make a difference right now, this may be the invitation you've been praying for. Because sometimes the most powerful way to change a life is simply to pass on what you know.
