

Every young mom deserves a beautiful beginning.

Who We Are

Beautiful Beginnings Family Center is a Christ-centered maternity home dedicated to serving young mothers ages 16–24.

Many of these young women come from difficult circumstances, carrying not only the weight of motherhood but also the wounds of broken relationships and limited support.

Our home provides more than just a safe place to live — it offers a family environment where love, structure, and grace are modeled daily.

Here, residents receive encouragement to grow spiritually, complete their education, develop life skills, and prepare for a future of independence and hope.

We Believe

No young woman should face motherhood alone.

Too many struggle with fear, shame, housing insecurity, interrupted education, and unstable relationships.

Our mission is to step into that gap — offering compassion, guidance, and a model of healthy family life.

The Need in Our Community

Every number has a name. Every story matters.

2024 STATISTIC

165

young women
ages 15–19
became mothers
in Benton & Franklin
Counties.

For many of them, this life-changing moment did not come with a stable support system.

Many young moms are facing:

**Fear, shame
and isolation**

Feeling unprepared
and unsure of
where to turn.

**Unsafe
relationships
and instability**

Couch surfing without
a stable place to live
or a safe support
system.

**Interrupted
education
and career
dreams**

Education is
interrupted and
care goals are
delayed.

**Financial
hardship
and housing
insecurity**

Struggling financially
with no resources
or steady support.

**The fear of
Child Protective
Services
intervention**

The fear of losing
their child weighs
heavily on their
hearts.

Without intervention, many face cycles of poverty, substance abuse, or abortion due to the scarcity of options. Babies are born into instability, sometimes entering foster care, while family breakdown continues unchecked.

These missed opportunities for healing—spiritual, emotional, and generational—represent a tragedy not just for the mothers, but for our entire community.

But there is hope.

With the right support, a young mom and her child can thrive.

Imagine What Could Be

A day in the life of a mom at Beautiful Beginnings

She Arrives

She Begins to Heal

She Builds a Future

Her Child Thrives

Weary from carrying the weight of life on her own, she finds a safe place for herself and her baby. She is welcomed by caring house parents, a warm meal, and prayer. For the first time in months, she knows she is not alone.

She learns new rhythms of life. With encouragement from mentors and other moms, she discovers God's love, builds confidence, and begins to experience healing in her heart.

She learns how to prepare healthy meals, manage a budget, and create routines that bring stability for her child. She completes her high school diploma and pursues a future filled with purpose and possibilities.

Her little one grows up in a nurturing, faith-filled environment, seeing Mom persevere, pray, and pursue her God-given calling. A new legacy of hope and purpose is being written.

This is the heart of Beautiful Beginnings Family Center.

Here, young moms find more than a place to stay—they find a family, support, and a path forward.

We provide a Christ-centered home where love, structure, and grace are modeled daily. Residents receive encouragement to grow spiritually, complete their education, develop life skills, and prepare for a future of independence and hope.

Giving young moms the chance not just to survive, but to thrive—discovering their God-given identity and building a new legacy for the next generation.

As part of our onboarding process, volunteers are asked to cover the cost of their background check as a personal investment in the mission. This allows donated funds to go directly toward serving young moms and their babies.
