

IT TAKES a Village

**Beautiful
Beginnings**
FAMILY CENTER

Many young moms in our community are doing everything they can to love their babies well—while quietly carrying burdens no one was meant to carry alone.

WHY THIS MATTERS

Too many young moms lack the healthy support systems, guidance, and relationships every mother deserves.

They are navigating pregnancy, parenting, work, and life transitions—often without a village to walk alongside them.

Many are doing their best with the resources they have, but they need practical tools, encouragement, and someone who believes in them.

Healthy relationships and faith-filled community can break cycles, build confidence, and help moms and babies thrive.

This is why Glow & Grow exists.

It's more than classes. It's about building a caring, Christ-centered village of support—where young moms are equipped, encouraged, and never walk alone.

OUR MISSION

Beautiful Beginnings exists to provide a safe place of refuge and hope for young moms and their babies by offering Christ-centered support, practical resources, and a community that walks alongside them.

A SEASON OF PREPARATION

While summer often brings vacations, changing routines, and spontaneous adventures for both volunteers and young moms, we are intentionally using this season to prepare for something meaningful.

Rather than formal summer gatherings, we are building, training, planning, and praying so we can launch Glow & Grow strong in Fall 2026.

No formal Glow & Grow gatherings are planned this summer—but meaningful preparation is happening behind the scenes.

Save the Date! VOLUNTEER TRAINING

 **AUGUST 8, 2026**

 **9:00 AM**

 **KENNEWICK, WA**

REQUIRED for volunteers serving directly with moms and families through Beautiful Beginnings programs.

While some committee roles may not include direct interaction with moms and would not require training, all volunteers are warmly encouraged to participate.

Because one of the most important things we are building is a healthy, united community—one that models the kinds of relationships we hope young moms will experience and eventually create for their own families.

JOIN THE VOLUNTEER TEAM

There is a place for you here!

Whether you have a few hours a month or more time to give, your unique gifts can help build the village many young moms in our community are missing.

Some volunteers serve directly with moms and families. Others strengthen the ministry behind the scenes. Every role is vital and every person is valued.

SCAN TO SIGN UP TO JOIN THE TEAM!

Even if your role doesn't require direct contact with moms, all volunteers are warmly encouraged to attend training. We are building a unified team and modeling the healthy, supportive relationships we hope young moms will experience and one day create for their own families.
